PEER TEST

- Get each student to set a list of questions based on a topic. (this student is the tester)

- Collect all tests and redistribute at random. Allow time for students to answer.

- Once complete, students hand back tests to the tester for correction.

- The tester meets their student and provides written or verbal feedback

EXIT TICKET

Shows you what students are thinking and what they have learned at the end of a lesson

Ask a question or pose a problem on the Exit Ticket, or write the question or problem on the board for students to see. They have to hand you a "ticket" filled out with an answer to a question, a solution to a problem, or a response to what they've learned.

Exit Tickets help you assess if students have "caught what you taught" and plan for the next lesson
